TO AVOID MISTAKES OR MISUNDERSTANDING PLEASE READ THIS PAGE BEFORE ORDERING. WE WILL POSITIVELY DO ALL WE CLAIM AND IN MANY CASES MORE BUT WE CANNOT BE RESPONSIBLE FOR YOUR MISTAKES.

WE ABSOLUTELY GUARANTEE PERFECT SATISFACTION and if on receiving your order or later you feel that you have not received full value in every way let us know and we will either refund your money or make other restitution. But remember no one is perfect and *if you do not give us a chance to make it right you have no one to blame but yourself.*

If it becomes necessary we reserve the right to change these prices, and if they have advanced we will notify you before shipping your order. If sold out of any variety ordered, unless you notify us to the contrary, we will substitute with the nearest we have.

DELIVERY CHARGES—BE SURE YOU READ THIS.

All seeds delivered at the prices quoted. On Onion Sets, Plants and all other items add 10 cents to help pay cost of packing and shipping.

SPECIAL DISCOUNTS

WHOLESALE PRICES. To Florists, Market Gardeners or Others using a quantity we will be glad to quote special prices.

SPECIAL CLUB ORDERS. We will make a liberal discount to Organizations or for Neighborhood Club Orders. Write for Club Discount Sheet.

AGENTS. We would like an Agent in every locality who by taking orders among their neighbors and friends can earn quite a nice little sum. Ask for our Agents' Terms.

JUNIOR PROJECT or 4-H CLUBS. As our part in encouraging the 4-H Project we will give a discount of 25% from list prices on all Seeds and Plants to be grown for competition in that work. BUT TO GET THIS DISCOUNT YOUR GARDEN MUST BE REGULARLY ENTERED AND GROWN UNDER THE RULES OF THE CLUB.

TERMS.—If you have established credit with us or furnish satisfactory reference we will be glad to extend credit. If not please send check, money order or THREE CENT Stamps.

We exercise the greatest care possible and will adjust every reasonable claim but to comply with the law which is a protection to you as well as to us—

Risley's Plant House gives no warranty express or implied as to description, quality or productiveness of any Seeds, Bulbs, or Plants we sell and we will not in any way be responsible for the crop. If you do not accept them on these terms return them at once and get your money back.

VEGETABLE SEEDS

No variety of seeds or plants will grow the same under different climatic and soil conditions. The list we offer is not large but for twenty-five years we have been trying out different varieties, eliminating those not satisfactory and listing only those which seemed best adapted to the conditions in Central New York. Our aim is to furnish seed that will give you results and give us repeat orders.

FLOWER SEEDS

Here in our northern climate with late spring and early fall frosts are many flowers we can not grow to perfection. On the other hand some do much better here than farther south. During the past twenty-five years from the results of our own growing and the success and failure of our customers we have been able to select those varieties with which you are practically sure of success and have eliminated those varieties from which your chances of good bloom would be very doubtful.

ASTERS

We have only the wilt-resistant strains.

We do not handle a great quantity and have only one quality **THE BEST.** Prices are not fixed at this time but we will give you the lowest price possible consistent with good quality.

FERTI-LAWN

For new seeding as well as patching old lawns, we can recommend this very highly. Just the right proportions of Seed and Fertilizer to make a heavy growth and a smooth velvety lawn. This is put up here in Hamilton and in the few years it has been on the market has made enormous sales with hundreds of repeat orders.

Prices are not fixed at this time but will be furnished on request. For larger quantities in bulk we can quote special prices.

PERENNIAL PLANTS

We have hundreds of Perennial Plants in a big assortment of varieties. We do not list them in the catalogue as we have found nearly every one prefers to come and see the different varieties and select from the field just what they want.

VEGETABLE PLANTS

In Vegetable Plants we grow only the best varieties and give each plant plenty of space making them strong and stocky. All those except the Field Grown are transplanted and root pruned giving them a strong root growth and strong stem. We have customers who for years have driven 40 and 50 miles to get our plants. I wonder why?

The prices quoted are for plants at the greenhouse or local delivery. If you want them packed and shipped add ten cents to the amount of your order to help pay part of the extra expense.

LAWN AND GARDEN SUPPLIES

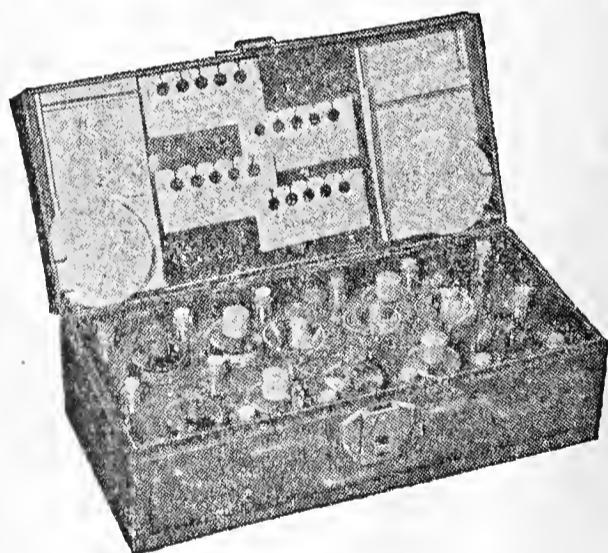

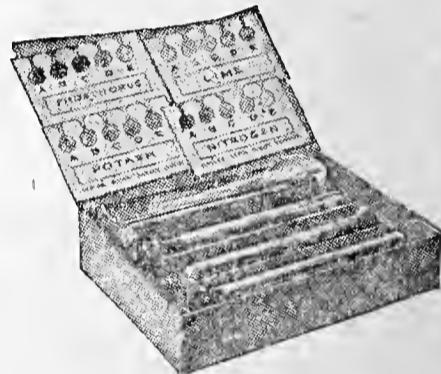

The prices quoted on all Lawn and Garden Supplies are at the store. If you want them packed and shipped add ten cents to help pay cost of packing and delivery.

SUDBURY SOIL TEST KITS

Hit or miss gardening or farming is no longer profitable. Why risk valuable seed and a season's time and labor on soil not adapted to your crop. On the other hand why spend money for fertilizer because you *think* that crop or the land needs it? Knowing your soil is the best insurance of success. With this simple outfit you can very easily determine if your soil needs lime also the kind of fertilizer required if any. It will also help to avoid the extravagant use of materials which in excess quantity will do more harm than good.

There are three sizes of these kits. The Professional Soil Test Kit used principally by large nurseries and Experiment Stations, price \$18.50. We carry in stock two sizes.

The Home Gardeners Soil Test Kit which tests for Nitrogen, Phosphorous, Potash and Acidity. For the small home gardener it is just the thing but rather small for the farmer or florist. \$1.50

The Horticultural Soil Test Kit. This is identical with the Professional Kit but smaller in size. Cased in a strong metal chest with all chemicals, glassware, etc. required to make 60 tests for Acidity, Nitrogen, Phosphorous and Potash you have something that will last for years and give you a crop insurance, that will be more profitable to you than anything the Government can offer. I much more than paid for my Kit with the first test I made. I thought the soil was deficient in Potash and too much Nitrogen and found it to be

just the opposite. This is only \$9.75 and will pay for itself many times over.

HOTKAPS

By using Hotkaps you can sow your Melon, Cucumber and Squash seed earlier and so get an earlier and better crop. You can also set out your Tomato, Pepper, Egg Plant and other tender plants earlier and so get much earlier fruit.

Home Garden Outfit. 25 Hotkaps and setter.....50c
Extra Hotkaps.....doz. 15, 100 \$1.15, 1,000 \$9.75

GARDEN TOOLS

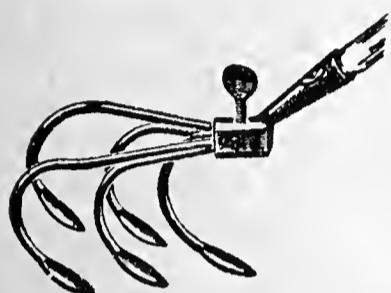

Gardex Pull Hoe. Weeds and cultivates in one operation as you walk along pulling the V shape blade. It gets the weeds and leaves the soil finely mulched not heaping it up around the plant. 4 in. wide a 4½ ft. handle. 95c

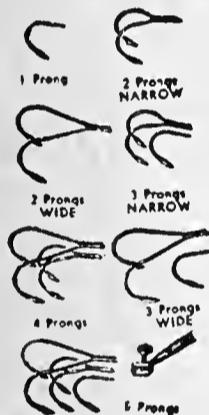

Gardex Hand Plow. For hilling your plants, covering furrows, or making trenches for bulbs, plants or seeds. Works with an easy pull in light or heavy soil.
